SKILLS

⊗ Python, SQL ⊗ Privacy Regulation (GDPR) ⊗ Project Management ⊗ Automation and Bot Development
⊗ AWS ⊗ Audit Security Compliance ⊗ Data Governance ⊗ Metadata Management (Alation)

PROFESSIONAL EXPERIENCE

Sr. Analyst | Data Engineering Governance

April 2022 – Present

United Airlines, Chicago, IL

- ❖ Developed and implemented a bot for GDPR privacy compliance, reducing the time to complete a single report by 6-12x, which led to a 100x decrease in total work hours, ensuring adherence to regulatory requirements.
- ❖ Managed access controls within the AWS system, overseeing over 1000 groups across all three environments, 13 clusters, and two systems (AWS and Databricks), enhancing security and data governance.
- ❖ Maintained and optimized a bot that uploads descriptive data to the front-end of a purchased software product, improving data integration and user experience.
- ❖ Coordinated audits and collaborated with outside counsel to ensure data protection and compliance with legal standards.

Research Assistant | Data Analyst

August 2018 – April 2022

Rush University, Chicago, IL

- ❖ Analyzed minute-by-minute, big data (>140m) and utilized multiple algorithms to derive subject metrics
- ❖ Developed an improved subject recruitment process by creating an application scoring algorithm
- ❖ Manufactured data pipelines to expedite data storage, analysis, and modeling
- ❖ Identified underrepresented populations by creating a zip code heat map in R to plan marketing and recruitment strategies
- ❖ Created, designed, and implemented programs that interpret raw data, identify erroneous metrics, and automate reports

EDUCATION:

The University of Illinois (Chicago, IL)

May 2018

PUBLICATIONS:
